120+

clients

180+

employees

We treat all our clients with high quality and equal care and respect regardless of the complexity of tasks that we face.

“Berger Cargo” is trusted by domestic and international companies such as manufacturers of household appliances and consumer goods, industrial and retail companies, importers, FMCG companies, governments and international charity organizations for more than decade.

Our company has been included into the list of Next 250 by Forbes Ukraine (2023) as one of logistics sector leaders.

Forbes

It is a guide to Ukrainian business that includes the most promising Ukrainian small and medium-sized private companies in various sectors .

For two months, the magazine's editors have been selecting the best companies based on many criteria, including financial results, prospects, rapid development and scaling, product innovation, quality and sustainability.

Members of the Chamber of Commerce and Industry and the Polish-Ukrainian Chamber Commerce.

BERGER CARGO is a full member of the Polish-Ukrainian Chamber of Commerce and the Ukrainian Chamber of Commerce and Industry.

We participate in events, projects, initiatives, working groups, sectoral and cross-sectoral committees aimed at cooperation with EU, adoption of best practices and further integration.

WE HAVE BUILT A SOPHISTICATED SYSTEM OF FREIGHT FORWARDING SERVICES.

Domestic in Ukraine

International globally

We are ready to deliver your goods to any corner not only of Ukraine but of the whole globe. We operate internationally with network of reliable and quality partners. Full or assembled cargoes can be sent both by land and by sea or air transport.

“BERGER CARGO” also takes the care of all additional issues such including cargo insurance and legal support, customs clearance while arranging domestic and international transportation.

At the same time, we arrange a delivery in the shortest possible time, with a high level of security and, which is important for every business, at favorable competitive rates compared to other companies.

- 1 **Sea**
- 2 **Land**
- 3 **Air**

Customs clearance is one of the most complicated and time-consuming processes for entrepreneurs working with goods.

“BERGER CARGO” provides turn-key customs clearance services using our experience and relationships.

1 000+
cargoes

Are cleared through customs every year by “BERGER CARGO” team

We provide advice on customs brokerage, and regarding preparation of all necessary documents for customs clearance.

During customs clearance, we help to prepare and pass procedures following tariff and non-tariff regulations (veterinary, phytosanitary, ecological, and other types of state control), we work with cargoes in all customs regime.

We provide legal support for customs dispute resolution, our services include clearance at all customs posts across Ukraine.

Our turn-key services enable customers to substantially speed up customs clearance and to reduce costs while focusing on client main business activities.

“BERGER CARGO” effectively optimized logistics and manages warehousing.

While you are focusing on your core business, we are managing warehousing for you which includes:

- Qualitative and quantitative acceptance of goods by item, in different types of packaging.
- Acceptance of returns.
- Sorting and storage.
- Picking & packing.
- Storage of each group of commodity according to requirements.
- Tracking of seasonality and sales, batches control.
- Repacking & sticker labeling.
- Inventory (reporting, analysis of results)
- Kitting services
- The most powerful modern equipment (working with oversized cargoes).
- Modern Warehouse Management System (WMS), proprietary software and Data management and API integration for clients IT and data teams.

We store your goods in specially designated logistics complexes where all the necessary conditions for high quality storage of good is maintained.

These are class “A” and “B” buildings with anti-dust floor coating. A constant temperature regime from +15 to +24C° is maintained in warehouses. The complexes are equipped with automatic fire extinguishing system and 24/7 security systems with video surveillance. Additional advantage of our warehousing is being fully equipped with top-level loading and unloading machinery and trained operators.

“Berger Cargo” continuously invests in warehouse security, operators training, software and data systems making us one of most efficient operators on the market.

“Berger Cargo” takes full responsibility for the storage of your goods. We carefully treat evening package and items with same concern and care as our own property.

Our own proprietary WMS Software: used by all our facilities and by many companies in Ukraine who already use “BERGER SOFT” software

BERGER WMS is cloud based full featured Warehouse Management System that allows automation of all main business processes:

- ACCEPTANCE AND PLACEMENT OF GOODS;
- MOVEMENT OF GOODS IN THE WAREHOUSE;
- PROCESSING AND COMPLETION OF ORDERS;
- DOCUMENT FLOW AND DATA ANALYTICS AND INTEGRATION.

BERGER WMS was developed in-house by dedicated software team in order to optimize the client’s warehousing processes and to reduce time and costs of order processing. The system is used not only in-house by also by third party warehouses, distribution centers, manufacturers.

BERGER WMS is based on Oracle database. The development language is Oracle Application Express (Oracle, APEX). The system can be downloaded as a web service from anywhere in the world where there is internet connection. It runs form a tablet, phone or any device. Commitment to innovation: data analytics, tokenized warehouse capacity trading on blockchain, other.

Use of proprietary software and modern data analytics tools provides “Berger Cargo” with operational efficiency and additional competitive advantages and cuts costs.

Without you, there would be no us. We appreciate your trust. We treat your goods as our own. With respect, custody, and care.

“BERGER CARGO” has solid portfolio of domestic and international clients including manufacturers, retail and consumer goods companies, automakers and charity organizations.

Our service enables to expand client’s opportunities in the market while focusing on their core business.

“BERGER CARGO” has all the necessary international certificates and licenses that confirm the highest quality of the services we provide.
